<b>Brief Comment</b>	I am in full support of enhancing the Emergency Alert System to include a Missing and Endangered Persons (MEP) event code which will ensure the safety and well-being of those who have gone missing. By creating this event code, we can provide critical nation-wide assistance to individuals who may be experiencing distress or imminent danger. This holistic approach not only increases the chances of locating our missing relatives but also underscores our commitment to addressing the underlying factors that may contribute to their disappearance, ultimately promoting a more compassionate and effective response to such situations in Indian Country.
